Wow! We were just talking about this! Looks like they are offering a public safety camera service if I read the email correctly. This might be an options for use in the future to establish cameras around major intersections. Especially if access to the video is in the same place as the LPR's

Last week, on May 17, we announced groundbreaking new products and our most powerful software release yet.

Watch as Flock Safety Founder and CEO Garrett Langley and VP of Product Abraham Alvarez reveal our new suite of products, including:

Flock Safety Falcon® LR

Flock Safety Falcon® LR

Never miss another lead with LPR for your fastest, busiest roadways. Get clear footage of vehicles traveling more than 100 mph across high-speed, multi-lane highways and deliver the investigative leads you need to prevent and solve crime quickly.

Flock Safety Raven®

Flock Safety Raven®

Pair Flock Safety Raven®, our audio detection system, with your LPR and video cameras to deliver real-time, actionable evidence to help officers locate victims, preserve evidence, and identify suspect vehicle leads faster.

Flock Safety Condor™

Improve situational awareness and investigations with 100% cloud-based access to live and recorded video

Flock Safety Condor™

without the upfront investment. Get hardware, permitting, installation, ongoing maintenance, and more with an all-inclusive subscription.

FlockOS™

FlockOS™

Seamlessly integrate first and third-party data across video, LPR, and audio into a single platform to deliver real-time intelligence and retroactive crime-solving with unmatched scalability.
